Welcome to the 13th Annual Resource Breakfast Series

Welcome,

Thirteen years ago, we set out to create a space where government leaders and resource sector representatives could come together for honest, productive conversation. What began as an idea has grown into one of British Columbia's most valued forums for collaboration across the resource industry.

Each year, the Resource Breakfast Series brings new perspectives to the table while reinforcing the relationships that drive real progress. The diversity of sectors represented in this room reflects the strength of B.C.'s resource economy, and the commitment each of you brings to these discussions is what makes them matter.

None of this would be possible without our dedicated sponsors. Your continued investment in this series speaks to a shared belief that dialogue between industry and government leads to better outcomes for everyone. We are deeply grateful for your partnership.

To all of our attendees, thank you for showing up, leaning in, and being part of something that continues to grow. Here's to another year of meaningful exchange and shared purpose across British Columbia's resource communities.

Sarah Weber, P. Geo

President and CEO
C3 Alliance

We would like to acknowledge the land on which we gather is on the shared, unceded territories of the xʷməθkʷəy̓əm (Musqueam), Sḵwx̱wú7mesh (Squamish), and səliłwətał (Tsleil-Waututh) Nations.

About the Event

The 13th Annual Resource Breakfast Series promises an exceptional experience, bringing together Resource Ministers, local government representatives, and natural resource sector leaders for insightful discussions on the latest news, advancements and future strategies in B.C.'s natural resource sectors.

- TIMELINE:**
- 6:45 am – Registration Opens / Coffee Service
 - 7:00 am – Program Start
 - 7:15 am – Plated Breakfast
 - 7:40 am – Panel Address and Moderated Q&A
 - 8:25 am – Closing remarks*

**Tuesday's Resource Breakfast Series will wrap up early at 8:15 am.*

Tuesday, September 15, 2026

- **Honourable Randene Neill**, Minister of Water, Land and Resource Stewardship, Government of British Columbia
- **Honourable Ravi Parmar**, Minister of Forests, Government of British Columbia

MODERATOR

Christine Gelowitz, Chief Executive Officer and Registrar,
Forest Professionals British Columbia

Wednesday, September 16, 2026

Canada's propane gateway to Asia

Western Canada produces significantly more propane than Canada consumes, supplying global markets through B.C.'s West Coast terminals. While exports once went entirely to the U.S., by 2024 more than 60% were shipped to Asia, primarily Japan and South Korea.

Auto propane network drives fleet growth

B.C. has one of Western Canada's strongest auto propane networks, with 114 fuelling stations enabling school bus and fleet expansion without major new investment. Communities like Chilliwack are already leading adoption with renewable propane.
